**About the Product:**  
 The Cocoa Co. is a family-owned and operated cocoa manufacturer in southwest Minnesota. We prepare and package every batch of cocoa by hand. A lot of love goes into every batch of cocoa we produce. That's why we hope that after trying our hot cocoa, you'll come back for more. Since our company was founded, we've built a reputation for treating every customer like family.

We hope when you take your first sip, you too will feel a part of our family!

*Giving Back*  
 GEMS is creating a generation of Justice Seekers; that's why \$1 from every box of cocoa sold will be donated to "Save the Storks."
