

God has called us to make disciples of all nations—including this generation of girls in your community. But it's hard being a girl today. And it can be easier to know mentoring matters than to understand how to step in and help girls build a living, dynamic relationship with Jesus Christ.

GEMS Girls' Clubs can help you do just that. GEMS is a relationship-building club program that offers girls in grades 1-8 a place to learn and grow as they discover who God created them to be. At its heart, GEMS is a place to belong. At club, girls are welcomed into a vibrant community of mentors and peers who genuinely care about them. In this context, they are free to learn about God and His amazing love for them.

Want to learn more about what this could mean for your girls? Go to gemsgc.org or contact us at 616.241.5616 ext. 2 or email hello@gemsgc.org.

Looking forward to hearing from you!

In His Service,

A handwritten signature in red ink that reads "Cindy" followed by a stylized flourish.
